

# GP PRODUCT PROPOSAL

Student: \_\_\_\_\_

Topic of Research: \_\_\_\_\_

1. Check one:     physical product                       intangible product (community service event, job shadowing, volunteering, etc.)

2. In very specific detail, explain your product idea:

3. Describe how the product relates to your research topic. How is this an extension of your research?

4. How does creating this product reflect your learning? How will it show the judges what you learned?

5. What materials will you use and what expenses, if any, do you anticipate?

6. What is your timeline? How long do you think this will take you to complete from start to finish?
